

Subscription Tracker

Thank you! Two minutes and you will know where your monthly money goes.

Open it

Google Sheets: drive.google.com → *New › File upload* → choose **Subscription-Tracker.xlsx** → open it → *File › Save as Google Sheets*.

Excel: double-click the file (click "Enable editing" if Excel asks).

Find all your subscriptions

1. Scroll your bank or card statement for the last 3 months: look for repeating amounts.
2. Phone: App Store or Google Play → Subscriptions.
3. Search your e-mail for "receipt", "renewal", "trial".

Fill in

One line each: name, category, cost, billing, the date you were last charged. Mark free trials TRUE. Only type in the **yellow cells**; delete the example lines.

Use it

Open the Dashboard once a week. Red = a free trial about to charge. Orange = not used for a month. Mark things **Cancel** to see what you save per year, then cancel them at the service itself.

Designed with the help of AI tools. This tracker does not cancel anything for you.
